Notes on Deliveries:

*Store personnel will deliver to the 1st or 2nd floor only, unless a suitable elevator is available for use.

*The client is responsible to measure the furniture to ensure it will fit through any doors, hallways, etc. Delivery personnel will not attempt to deliver in any circumstance where damage to property or injuries to store personnel might occur. If either of these instances arise the client may choose to have the furniture left at the entry to their home or returned to the store. In either case, the delivery charge will not be refunded.

*Delivery personnel will not move or dispose of any existing furniture in the client's home.

*Delivery personnel will call the client on the day of delivery at the phone number on record to verify that the client will be home at the designated time. Deliveries times are given within a 4 hour window. Example: Tuesday between 12-4pm.

*Delivery charges are non-refundable. If the client needs to alter the delivery day they are responsible to call the store prior to close the night before the delivery to reschedule.
