# OFFICERS & SUCCESSION PLANNING

#### DESCRIPTION

The time has come - your Conference President term is overdue or nearing completion. What are you to do? Who will take over? How do you handle an election? What if no one wants to take over?

All these questions have been asked by conference members who are dedicated to their Vincentian ministry of service. This session will provide an informative guide through the President election process and descriptions of the officer duties.

This is informative for **All** conference members!
